

Certificate

Report No. / Manufacturer No. / Validity remark:

Manufacturer of Welding Filler Materials acc. to VdTÜV-Merkblatt 1153

TÜV NORD Systems GmbH & Co. KG confirms that the company

has been inspected and approved in accordance with the requirements of EN 12074 in conjunction with the TNS-TÜVV1153 certification scheme as manufacturer or distributor of welding filler materials. The details of the approval can be found in the report.

The manufacturer has the following requirements:

- facilities for proper manufacturing and testing,
- appropriate processes for the manufacture of the products,
- skilled personnel for the manufacture and testing of the products, and
- a quality management system with corresponding records that ensures proper manufacture of the products and compliance with the requirements specified in the material specification.

The validity of the certification requires that the relevant certification bases and conditions for the production of the welding consumable do not change and that an annual surveillance takes place.
